

**FALL 2021 • E&E SEMINAR SERIES •
THURSDAYS 4:10 PM • YOUNG 198**

PBG 292 (CRN 44352) • ECL 296 (CRN 29919)

Permanent Zoom Link: <https://ucdavis.zoom.us/j/92235150172>

9/23/21 • **Samniqueka Halsey** • U Missouri • “Understanding disease emergence patterns by combining long-term data sets and computational approaches”

Host: [Jeff Ross-Ibarra](#)

9/30/21 • **Phil Levin** • The Nature Conservancy • “”

Host: [Andrea Odell](#)

10/7/21 • **Jennifer Sunday** • McGill U • “”

Host: [Jay Stachowicz](#)

10/14/21 • **Katie Lotterhos** • Northeastern U • “Climate change and adaptation: what are we missing?”

Host: [Catherine Rushworth](#)

10/21/21 • **Chase Mason** • U Central Florida • “Shaping sunflowers: parallel functional trait evolution in wild and domesticated plants”

Host: [Danielle De La Pascua](#)

10/28/21 • **Mariana Wolfner** • Cornell • “”

Host: [Ben Hopkins](#)

11/4/21 • **Carlos Garcia-Robledo** • U Connecticut • “Demographic attritions, elevational refugia and the resilience of insect populations to projected global warming”

Host: [Santiago Ramirez](#)

11/11/21 • **Veteran’s Day holiday**

11/18/21 • **Marcus Kronforst** • U Chicago • “Sex, lies and butterflies: The genetics of mimicry and mate choice in Heliconius butterflies”

Host: [Logan Blair](#)

11/25/21 • **Thanksgiving holiday**

12/2/21 • **Arun Sethuraman** • San Diego State • “Missing Data Problems in Population Genomics & New Computational Methods to Address Them”

Host: [Jeffrey Ross-Ibarra](#)
